are not Mysoreans. In the Madras Educational Department, the salaries of teachers have been raised and some of the outsiders who are appointed, here naturally try to go to their own places when they can get better pay.

SUBJECT No. 187.

Construction of a new A. V. School building at Nyamti.

Messrs. Revana Siddaiya, Nagarada Gurulingappa, Honnali Taluk and Settara Channappa, Nyamti Municipality.

Mr. Revana Siddaiya.—At present, the A. V. School at Nyamati is located in a very old building. It is most inconvenient and not at all commodious. Every year, this building is repaired, but its condition has never improved. Instead of wasting money in this way, it would be better if a new building is erected as early as possible.

Inspector-General of Education.—The Department is aware of the necessity and will take up the question when funds are available.

Mr. K. T. Seshaiya.—Hereafter, the disposal of Building Grants may be left to the discretion of the Inspector-General of Education, who is fit to inspect the buildings and sanction needful amounts according to urgency. Under the present system, the amount is sanctioned by Government, but the work is not taken up by the P. W. Department. For instance, a school is being built and is slowly nearing completion, but the trouble is the P. W. D. takes so much time over it that by the time one new portion is built, the other portion comes down. Such things must be prevented.

Dewan.—Noted. Will be considered.

SUBJECT No. 188.

Extension of the A. V. School building at Sorab.

Messrs. Nadig Lakshmana Rao, Nadig Seetharamappa and Nadig Bhaskara Rao, Sorab Taluk.

Mr. Lakshman Rao.—For want of accommodation in the School, the classes are, at present, held in Sagarkatte which is very much in disrepair. The number of students is increasing and the necessity of extending and improving the building is very great.

Dewan.—Will be done when funds permit.

SUBJECT No. 189.

Construction of bridges across the Varada river.

Messrs. Nadig Bhaskar Rao, Nadig Lakshman Rao and Seetharamappa, Sorab Taluk.

Mr. Nadig Bhaskara Rao.—Much difficulty is felt for want of bridges over this river. Early arrangements may be made to complete this work. It is impossible for post also to cross the river during the rainy season and the post is held up for days together.

As the river is in the centre of the taluk, it is impossible for even the people of the hoblis to go to head-quarters. The District Board has no money.

Dewan.—It is not possible just now. We shall see what can be done later on.
